F110 - Introductory Problem Solving

Problem Set 3.2 - Addition and Subtraction

Name:

Date:

1. If Karen has 430 books, then Susan has $796 - 430 = 366$. Then Karen has $430 - 366 = \boxed{64}$ more books than Susan.
2. $241 + 410 + 333 = \boxed{984}$
3. $\boxed{250}$
4. $\boxed{121}$
5. $\boxed{10411}$
6. $\boxed{31}$
7. $463 - 348 + 299 = \boxed{414}$
8. $\boxed{48}$
9. $\boxed{200}$
10. $\boxed{71}$
